

## Certificate of Analysis

|                    |                                                       |
|--------------------|-------------------------------------------------------|
| Product Name       | Anise Star                                            |
| Botanical Name     | Illicium verum                                        |
| INCI Name          | Illicium Verum Fruit/Seed Oil                         |
| Country of Origin  | China                                                 |
| CAS Number         | 84650-59-9                                            |
| EC / EINECS Number | 283-518-1                                             |
| Lot Number         | 5012121                                               |
| Manufacturing Date | August 3, 2025                                        |
| Retest Date        | 24 months from manufacture when stored as recommended |
| Shelf Life         | 24 months                                             |
| Document Date      | August 17, 2025                                       |

### Analysis Results

| Test             | Specification / Typical Range          | Result   |
|------------------|----------------------------------------|----------|
| Appearance       | Colorless to pale yellow clear liquid. | Conforms |
| Odor             | Strong characteristic odor of anise.   | Conforms |
| Relative Density | 0.975 - 0.992 @ 20°C                   | Conforms |
| Refractive Index | 1.5525- 1.5600 @ 20°C                  | Conforms |
| Optical Rotation | Typical product range                  | Conforms |
| Solubility       | (1:3) Soluble in 90% alcohol.          | Conforms |
| GC-MS Profile    | Refer to accompanying GC-MS report     | Conforms |

### Quality Statement

This certificate is prepared from current reliable source data and typical lot information available to West Coast Aromatics. Natural products may vary from lot to lot. The product is released to the best of our knowledge when stored and handled according to recommended conditions.
