

Product Name	Myrrh
Country	Somalia
Product Type	Essential Oil
Botanical Name	Commiphora myrrha
INCI Name	Commiphora Myrrha Oil
Plant Part	Resin
Extraction Method	Resin extraction / distillation
CAS Number	84929-26-0
EC / EINECS Number	284-510-0

Overview The following quality and regulatory information represents product data currently maintained by West Coast Aromatics for Myrrh. Identity fields are aligned with the matching SDS and representative GC-MS profile. This document is intended to support customer quality review and is not a substitute for customer-specific regulatory assessment.

SUMMARY OF QUALITY AND REGULATORY DECLARATIONS

Group	Declaration

SOURCE

PLANT DERIVED STATEMENT We hereby declare that, to the best of our knowledge, Myrrh is derived from plant material.

RAW MATERIALS

NATURAL STATEMENT We hereby declare that, to the best of our knowledge, Myrrh is a botanical aromatic product and is free from intentionally added adulterants unless otherwise disclosed.

GMO STATEMENT We hereby declare that, to the best of our knowledge, this product was not intentionally produced from genetically modified plant material and no genetically modified ingredients have been intentionally added.

PROCESSING STATEMENTS

NON-IRRADIATION STATEMENT We hereby declare that, to the best of our knowledge, this product has not been intentionally irradiated and does not contain intentionally irradiated ingredients.

SEWER SLUDGE STATEMENT We hereby declare that, to the best of our knowledge, this product was not intentionally produced with sewer sludge and is free from such processing input.

BY-PRODUCTS AND IMPURITIES

HEAVY METALS STATEMENT Heavy metals are not intentionally added to this product. Product-specific analytical confirmation is not included unless separately reported.

Item	Value	Value 2	Notes
Mercury (Hg)	Not intentionally added		
Arsenic (As)	Not intentionally added		
Cadmium (Cd)	Not intentionally added		
Lead (Pb)	Not intentionally added		

BY-PRODUCTS AND IMPURITIES STATEMENT We hereby declare that, to the best of our knowledge, this product is not intentionally manufactured with common synthetic diluents or unwanted additive classes and is maintained under internal quality review.

Item	Value	Value 2	Notes
Parabens	No intentional addition		
Phthalates	No intentional addition		
Synthetic solvents	No intentional addition		
Petrochemicals	No intentional addition		
Formaldehydes	No intentional addition		

PFAS / PFA STATEMENT We hereby declare that, to the best of our knowledge, PFAS are not intentionally added to this product and the product is not intentionally manufactured with PFAS processing inputs.

ALLERGENS

FOOD ALLERGEN STATEMENT We hereby declare that, to the best of our knowledge, this product does not intentionally contain the major common food allergens listed below.

Item	Value	Value 2	Notes
Peanut and derivatives	No		
Tree nuts and derivatives	No		
Sesame and derivatives	No		
Wheat / barley / rye / oats / spelt / kamut	No		
Gluten	No		
Soy and derivatives	No		
Dairy / eggs	No		
Fish	No		
Shellfish	No		
Sulphites	No intentional addition		

GLUTEN STATEMENT We hereby declare that, to the best of our knowledge, this product does not intentionally contain gluten and is not intentionally manufactured with gluten-containing ingredients.

CLAIMS

BSE / TSE STATEMENT We hereby declare that, to the best of our knowledge, this product is of botanical origin, is not made with animal-derived material, and is free from BSE/TSE-relevant animal inputs.

CRUELTY-FREE STATEMENT We hereby declare that, to the best of our knowledge, this product is not tested on animals by West Coast Aromatics.

KOSHER STATEMENT	This product is represented as suitable for kosher review based on botanical origin and absence of intentionally added animal-derived ingredients. Customer-specific certification requirements should be evaluated by the customer.
VEGAN STATEMENT	We hereby declare that, to the best of our knowledge, this product does not contain intentionally added animal-derived ingredients and is suitable for vegan formulation review.

DECLARATION

DECLARATION OF COUNTRY OF ORIGIN	We hereby confirm that the country of origin for this product is Somalia.
Reference	Somalia

QUALITY

QUALITY AND IDENTITY SUPPORT	Product identity is maintained internally as Myrrh, Somalia. Supporting records include the matching SDS and representative GC-MS profile where available.		
Item	Value	Value 2	Notes
Botanical Name	Commiphora myrrha		
INCI Name	Commiphora Myrrha Oil		
CAS Number	84929-26-0		
EC / EINECS Number	284-510-0		
Country of Origin	Somalia		
Shelf Life	24 to 36 months in unopened containers		
Storage	Store cool, dry, closed, away from heat and light.		
Main Constituents	Furanoeudesma-1,3-Diene 38.86%; Curzerene 26.46%; Lindestrene 8.57%; 2-Methyl-8,12-Epoxygermacra-1,4-7-11-Tetraene 6.63%; beta-Elemene 3.28%; Germacrene B 1.84%; Guaiol Isomer 1.28%		

QUALITY AND IDENTITY SUPPORT

Main Constituents	Furanoeudesma-1,3-Diene 38.86%; Curzerene 26.46%; Lindestrene 8.57%; 2-Methyl-8,12-Epoxygermacra-1,4-7-11-Tetraene 6.63%; beta-Elemene 3.28%; Germacrene B 1.84%; Guaiol Isomer 1.28%
Shelf Life	24 to 36 months in unopened containers when stored properly.
Storage and Handling	Store in tightly closed containers in a cool dry place away from heat, light, and direct sunlight.
Quality Statement	This product is maintained as a botanical aromatic product under internal quality review. Natural variation may occur by harvest, geography, and processing.
Reference Standard	Typical Myrrh composition profile
Analyst	West Coast Aromatics QC
Analysis Date	January 08, 2026
Sample Description	Representative Myrrh profile.
Main Constituents Reference	Furanoeudesma-1,3-Diene 38.86%; Curzerene 26.46%; Lindestrene 8.57%; 2-Methyl-8,12-Epoxygermacra-1,4-7-11-Tetraene 6.63%; beta-Elemene 3.28%; Germacrene B 1.84%; Guaiol Isomer 1.28%
Total Identified	100.16%
Appearance	Amber to dark amber liquid.
Odor	Sweet and spicy odor.
Solubility	Soluble in alcohol and oils. Insoluble in water.
Specific Gravity	0.975 - 1.025 @ 20 degrees C
Optical Rotation	Typical product range
Refractive Index	1.485 - 1.530 @ 20 degrees C

IFRA STANDARDS CONFORMITY

Certificate	IFRA Standards Conformity Support
Revision Date	January 08, 2026
Revision Number	1
Amendment Version	Current IFRA standard review recommended
Statement	This page is provided as formulation support based on available product and constituent information. Final IFRA compliance must be confirmed against the current IFRA standard and the customer's intended finished product category and use level.

Category	Description	Maximum Usage Rate
1	Products applied to the lips	Review required
2	Products applied to the axillae	Review required
3	Products applied to the face/body using fingertips	Review required
4	Fine fragrance products	Review required
5A	Body lotion products, primarily leave-on	Review required
5B	Face moisturizer products, primarily leave-on	Review required
5C	Hand cream products, primarily leave-on	Review required
5D	Baby creams, baby oils and baby talc	Review required
6	Products with oral and lip exposure	Review required
